## We're Ramping It Up

*Shown with a 5'x5'  
Turning Platform*

## And We Need Your Help!

TASC Niagara needs your support to purchase a ramp for April 2014 production. The stage behind the group is 39" high requiring a 40 foot ramp for access for them to be involved in our production of "A Night at the Movies". The cost of the ramp is \$8000.00. Donations of \$20 or more receive a tax receipt. Give \$200 or more and be recognized at the performance. The ramp will allow all performers to have safe access to the stage.
